

BISTA Moldova

Tuesday, 14 August 2007

Chisinau, 14 July 2007 - BISTA consultant, Paul Hurks, (Netherlands), traveled to Chisinau, Moldova, to begin work on Moldova's Country Action Plan to achieve compliance with IFAC Part 3, in collaboration with ACAP, Moldova's only IFAC recognized member body of professional accountants and auditors. ACAP has a membership of approximately 800 accountants and 20 auditors, who are licensed by the Moldova Ministry of Finance.

The survey conducted sheds important light on Moldova's current situation regarding IFAC compliance. BISTA's upcoming twinning activities in Moldova will include a study of new accounting and auditing laws, co-drafting a new three-year Strategy Plan for ACAP, amending ACAP's charter and by-laws, as well as several seminars, workshops, and trainings.
